

ORAL & DENTAL IMPLANT SURGERY

BOARD CERTIFIED ORAL & MAXILLOFACIAL SURGEONS

PATIENTS UNDERGOING GENERAL ANESTHESIA OR INTRAVENOUS SEDATION IN OFFICE

- (1) Absolutely nothing to eat or drink (not even water) six (6) hours prior to your appointment.
- (2) Please brush your teeth the day of surgery as usual.
- (3) Women please remove lipstick and nail polish before your appointment.
- (4) If you wear contact lenses please remove them before coming to the office.
- (5) Please wear loose fitting sleeves or a short sleeve top since we need to take your blood pressure and administer the medication.
- (6) You must be accompanied by a responsible adult (18 years or older) because you will not be permitted to drive for eight hours after the medication is administered. Driver required to stay during procedure.
- (7) Do not plan on returning to work or working with any machinery or equipment for eight hours after the medication is administered.
- (8) Take all your prescription medications with a small amount of water as you normally would.
- (9) If you use any type of bronchial inhalers you must bring them with you.
- (10) If you are taking narcotic pain medication do not operate a motor vehicle or dangerous equipment; this applies to patients who have had procedures under local or IV sedation.
